- **Do NOT Re-use or Extend Use**
- **Reuse in Conjunction with Eye Protection**
  - Reuse in conjunction with Eye Protection (Goggles or Face Shield) in Droplet Isolation.
  - Reuse in conjunction with Face Shield when used in an Aerosol Generating Procedure (AGP).
- **Reuse Allowed**
  - Reuse refers to doffing PPE and storing in a clean dry place (after cleaning, if applicable).
  - Reuse is acceptable when used in an Aerosol Generating Procedure (AGP).
  - Reuse is acceptable across multiple shifts if the PPE does not meet the discard criteria.
- **Extended Use Allowed**
  - Extended use refers to wearing PPE continuously without doffing between multiple patient interaction.
- **Clean After Reuse**

DISCARD PPE WHEN VISIBLY SOILED, CONTAMINATED, DAMAGED, OR IF IT NO LONGER FITS

Refer to most current reuse and extended use guidance, as well as Aerosol Generating Procedure Guidance: https://infectioncontrol.ucsfmedicalcenter.org/coronavirus
