

## Common Commensals

Actinobacterium meyeri	Aerococcus urinaeequi	Arthrobacter nicotinovorans
Actinomyces	Aerococcus urinaehominis	Arthrobacter nitroguajacolicus
Actinomyces bernardiae	Aerococcus viridans	Arthrobacter oryzae
Actinomyces bovis	Alpha-hemolytic Streptococcus, not S pneumoniae	Arthrobacter oxydans
Actinomyces cardiffensis	Arachnia propionica	Arthrobacter pascens
Actinomyces dentalis	Arcanobacterium	Arthrobacter polychromogenes
Actinomyces dentocariosus	Arcanobacterium bernardiae	Arthrobacter protophormiae
Actinomyces DO8	Arcanobacterium haemolyticum	Arthrobacter psychrolactophilus
Actinomyces europaeus	Arcanobacterium pluranimalium	Arthrobacter psychrophenicus
Actinomyces funkei	Arcanobacterium pyogenes	Arthrobacter ramosus
Actinomyces georgiae	Arthrobacter	Arthrobacter rhombi
Actinomyces gerencseriae	Arthrobacter agilis	Arthrobacter roseus
Actinomyces gerenseriae	Arthrobacter albus	Arthrobacter russicus
Actinomyces graevenitzi	Arthrobacter arilaitensis	Arthrobacter scleromae
Actinomyces hongkongensis	Arthrobacter astrocyaneus	Arthrobacter sulfonivorans
Actinomyces israelii	Arthrobacter atrocyaneus	Arthrobacter sulfureus
Actinomyces israelii serotype II	Arthrobacter aurescens	Arthrobacter uratoxydans
Actinomyces meyeri	Arthrobacter bergerei	Arthrobacter ureafaciens
Actinomyces naeslundii	Arthrobacter chlorophenicus	Arthrobacter variabilis
Actinomyces nasicola	Arthrobacter citreus	Arthrobacter viscosus
Actinomyces neuii	Arthrobacter creatinolyticus	Arthrobacter woluwensis
Actinomyces odontolyticus	Arthrobacter crystallopoietes	Aureobacterium
Actinomyces oricola	Arthrobacter cummingsii	Bacillus
Actinomyces propionicus	Arthrobacter flavus	Bacillus aeolius
Actinomyces pyogenes	Arthrobacter gandavensis	Bacillus aerius
Actinomyces radidentis	Arthrobacter gangotriensis	Bacillus agaradhaerens
Actinomyces radingae	Arthrobacter globiformis	Bacillus agri
Actinomyces turicensis	Arthrobacter histidinolovorans	Bacillus alcalophilus
Actinomyces urogenitalis	Arthrobacter ilicis	Bacillus algicola
Actinomyces viscosus	Arthrobacter kerguelensis	Bacillus alvei
Actinomycosis israelii	Arthrobacter koreensis	Bacillus amyloliquefaciens
Aerococcus	Arthrobacter luteolus	Bacillus aquimaris
Aerococcus christensenii	Arthrobacter methylotrophus	Bacillus arseniciselenatis
Aerococcus sanguicola	Arthrobacter mysorens	Bacillus asahii
Aerococcus sanguinicola	Arthrobacter nasiphocae	Bacillus atrophaeus
Aerococcus urinae	Arthrobacter nicotianae	Bacillus azotoformans

## Common Commensals

Bacillus badius	Bacillus gibsonii	Bacillus methanolicus
Bacillus barbaricus	Bacillus ginsengi	Bacillus mojavenis
Bacillus bataviensis	Bacillus globisporus marinus	Bacillus mucilaginosus
Bacillus benzoovorans	Bacillus gornadae	Bacillus muralis
Bacillus boroniphilus	Bacillus halmapalus	Bacillus mycoides
Bacillus brevis	Bacillus haloalkaliphilus	Bacillus naganoensis
Bacillus butanolivorans	Bacillus halodenitrificans	Bacillus nealsonii
Bacillus carboniphilus	Bacillus halodurans	Bacillus niacini
Bacillus centrosporus	Bacillus halophilus	Bacillus not B anthracis
Bacillus cereus	Bacillus horikoshii	Bacillus novalis
Bacillus cereus group	Bacillus horti	Bacillus odysseyi
Bacillus chittonlyticus	Bacillus humi	Bacillus okuhidensis
Bacillus circulans	Bacillus hwajinpoensis	Bacillus oleronius
Bacillus circulans group	Bacillus idriensis	Bacillus pallidus
Bacillus clarkii	Bacillus indicus	Bacillus pantothenicus
Bacillus clausii	Bacillus infantis	Bacillus parabrevis
Bacillus coagulans	Bacillus infernus	Bacillus pasteurii
Bacillus cohnii	Bacillus insolitus	Bacillus patagoniensis
Bacillus decisifrondis	Bacillus jeotgali	Bacillus pocheonensis
Bacillus decolorationis	Bacillus kaustophilus	Bacillus polymyxa
Bacillus dipsosauri	Bacillus korlensis	Bacillus popilliae
Bacillus drementensis	Bacillus krulwichiae	Bacillus pseudocaliphilus
Bacillus edaphicus	Bacillus laevolacticus	Bacillus pseudofirmus
Bacillus ehimensis	Bacillus larvae	Bacillus pseudomycoides
Bacillus endophyticus	Bacillus laterosporus	Bacillus psychrodurans
Bacillus farraginis	Bacillus lentimorbis	Bacillus psychrophilus
Bacillus fastidiosus	Bacillus lentus	Bacillus psychrosaccharolyticus
Bacillus firmus	Bacillus licheniformis	Bacillus psychrotolerans
Bacillus flexus	Bacillus luciferensis	Bacillus pulvificiens
Bacillus fordii	Bacillus macerans	Bacillus pumilus
Bacillus fortis	Bacillus macroides	Bacillus pycnus
Bacillus fumarioli	Bacillus macyae	Bacillus salexigens
Bacillus funiculus	Bacillus marinus	Bacillus saliphilus
Bacillus galactophilus	Bacillus marisflavi	Bacillus schlegelii
Bacillus galactosidilyticus	Bacillus massiliensis	Bacillus selenitireducens
Bacillus gelatini	Bacillus megaterium	Bacillus shackletonii

## Common Commensals

Bacillus silvestris	Brevibacillus laterosporus	Corynebacterium aquaticum
Bacillus simplex	Brevibacillus parabrevis	Corynebacterium aquilae
Bacillus soralis	Brevibacterium	Corynebacterium argentoratense
Bacillus smithii	Brevibacterium ammoniagenes	Corynebacterium atypicum
Bacillus soli	Brevibacterium casei	Corynebacterium aurimucosum
Bacillus sonorensis	Brevibacterium epidermidis	Corynebacterium auris
Bacillus sphaericus	Brevibacterium linens	Corynebacterium auriscanis
Bacillus sporothermodurans	Brevibacterium luteolum	Corynebacterium beticola
Bacillus stearothermophilus	Brevibacterium lutzense	Corynebacterium bovis
Bacillus subterraneus	Brevibacterium mcbrellneri	Corynebacterium callunae
Bacillus subtilis	Brevibacterium sanguinis	Corynebacterium camporealensis
Bacillus subtilis group	Brevibacterium vitarumen	Corynebacterium capitovis
Bacillus subtilis inaquosorum	CDC Corynebacterium group ANF	Corynebacterium casei
Bacillus subtilis spizizenii	CDC Corynebacterium group D-2	Corynebacterium caspium
Bacillus subtilis subtilis	CDC Corynebacterium group G-1	Corynebacterium ciconiae
Bacillus tequilensis	CDC Corynebacterium group G-2	Corynebacterium confusum
Bacillus thermantarcticus	CDC Corynebacterium group JK	Corynebacterium coyleae
Bacillus thermoamylovorans	CDC coryneform group 3	Corynebacterium cystitidis
Bacillus thermocatenuatus	CDC coryneform group 5	Corynebacterium diphtheroides
Bacillus thermocloacae	Cellulomonas	Corynebacterium durum
Bacillus thermoglucosidasius	Cellulomonas cellulans	Corynebacterium efficiens
Bacillus thiaminolyticus	Cellulomonas hominis	Corynebacterium equi
Bacillus thuringiensis	Cellulomonas humilata	Corynebacterium falsenii
Bacillus tusciae	Cellulomonas turbata	Corynebacterium fascians
Bacillus validus	Cellulosimicrobium	Corynebacterium felinum
Bacillus vallismortis	Cellulosimicrobium cellulans	Corynebacterium flavescens
Bacillus vedderi	Corynebacterium	Corynebacterium flavidum
Bacillus velezensis	Corynebacterium accolens	Corynebacterium freneyi
Bacillus vietnamensis	Corynebacterium acnes	Corynebacterium genitalium
Bacillus vireti	Corynebacterium afermentans	Corynebacterium glaucum
Bacillus weihenstephanensis	Corynebacterium afermentans afermentans	Corynebacterium glucuronolyticum
Bacterionema matruchotii	Corynebacterium afermentans lipophilum	Corynebacterium glutamicum
Brevibacillus	Corynebacterium ammoniagenes	Corynebacterium group A-3, CDC
Brevibacillus agri	Corynebacterium amycolatum	Corynebacterium group A-4, CDC
Brevibacillus brevis	Corynebacterium anaerobium	Corynebacterium group A-5, CDC
Brevibacillus centrosporus	Corynebacterium appendicis	Corynebacterium group B-1, CDC

## Common Commensals

Corynebacterium group B-3, CDC	Corynebacterium parvum	Corynebacterium viscosum
Corynebacterium group C, CDC	Corynebacterium paurometabolum	Corynebacterium vitaeruminis
Corynebacterium group D-1, CDC	Corynebacterium phocae	Corynebacterium vitarumen
Corynebacterium group E, CDC	Corynebacterium pilosum	Corynebacterium vitaruminis
Corynebacterium group F-1, CDC	Corynebacterium propinquum	Corynebacterium xerosis
Corynebacterium group F-2, CDC	Corynebacterium pseudodiphtheriticum	Corynebacterium, toxigenic
Corynebacterium group I-1, CDC	Corynebacterium pseudogenitalium	coryneform gram positive bacilli
Corynebacterium group I-2, CDC	Corynebacterium pseudotuberculosis	Dermabacter
Corynebacterium group, CDC	Corynebacterium pseudotuberculostearicum	Dermabacter hominis
Corynebacterium halotolerans	Corynebacterium pyogenes	Dermacoccus
Corynebacterium hemolyticum	Corynebacterium renale	Dermacoccus nishinomiyaensis
Corynebacterium hoagii	Corynebacterium renale type 1	Diphtheroids
Corynebacterium hofmannii	Corynebacterium renale type II	Diphtheroids, aerobic
Corynebacterium imitans	Corynebacterium renale type III	Diphtheroids, anaerobic
Corynebacterium jeikeium	Corynebacterium resistens	Elastase-producing strain Staphylococcus epidermidis
Corynebacterium kroppenstedtii	Corynebacterium riegelii	Exiguobacterium
Corynebacterium kutscheri	Corynebacterium rubrum	Exiguobacterium acetylicum
Corynebacterium lilium	Corynebacterium seminale	Gordonia
Corynebacterium lipophiloflavum	Corynebacterium simulans	Gordonia bronchialis
Corynebacterium macginleyi	Corynebacterium singulare	Gordonia otitidis
Corynebacterium manihot	Corynebacterium sphenisci	Gordonia polyisoprenivorans
Corynebacterium massiliense	Corynebacterium spheniscorum	Gordonia rubripertincta
Corynebacterium mastitidis	Corynebacterium striatum	Gordonia rubropertinctus
Corynebacterium matruchotii	Corynebacterium suicordis	Gordonia sputi
Corynebacterium mediolanum	Corynebacterium sundsvallense	Gordonia terrae
Corynebacterium minutissimum	Corynebacterium tenuis	Janibacter
Corynebacterium mooreparkense	Corynebacterium terpenotabidum	Janibacter hoylei
Corynebacterium mucifaciens	Corynebacterium testudinoris	Kocuria
Corynebacterium murisepticum	Corynebacterium thomssenii	Kocuria erythromyxa
Corynebacterium murium	Corynebacterium tuberculostearicum	Kocuria kristinae
Corynebacterium mycetoides	Corynebacterium tuscaniense	Kocuria rosea
Corynebacterium nephridii	Corynebacterium ulcerans	Kocuria varians
Corynebacterium nigricans	Corynebacterium urealyticum	Kytococcus
Corynebacterium not C diphtheriae	Corynebacterium ureicelerivorans	Kytococcus sedentarius
Corynebacterium not C jeikeium	Corynebacterium variabile	Leifsonia
Corynebacterium ovis	Corynebacterium variabilis	Leifsonia aquatica

## Common Commensals

Leifsonia xyli	Propionibacterium arabinosum	Rhodococcus rhodochrous
Microbacterium	Propionibacterium australiense	Rhodococcus roseus
Microbacterium paraoxydans	Propionibacterium avidum	Rhodococcus rubropertinctus
Micrococcus	Propionibacterium cyclohexanicum	Rhodococcus terrae
Micrococcus antarcticus	Propionibacterium freudenreichii	Roseomonas
Micrococcus flavus	Propionibacterium freudenreichii fredenreichii	Roseomonas cervicalis
Micrococcus glutamicus	Propionibacterium freudenreichii freudenreichii	Roseomonas gilardii
Micrococcus kristinae	Propionibacterium freudenreichii shermanii	Roseomonas mucosa
Micrococcus luteus	Propionibacterium granulosum	Rothia
Micrococcus lylae	Propionibacterium granulosus	Rothia dentocariosa
Micrococcus lysodeikticus	Propionibacterium innocuum	Rothia mucilaginoso
Micrococcus nishinomiyaensis	Propionibacterium jensenii	Rummeliibacillus
Micrococcus pyogenes var albus	Propionibacterium lymphophilum	Rummeliibacillus pycnus
Micrococcus roseus	Propionibacterium microaerophilum	Sarcina luteus
Micrococcus sedentarius	Propionibacterium pentosaceum	Small-colony-forming beta-hemolytic group A streptococci
Micrococcus subgroup 3	Propionibacterium petersonii	Small-colony-forming beta-hemolytic group C streptococci
Oerskovia	Propionibacterium prionicus	Small-colony-forming beta-hemolytic group G streptococci
Oerskovia turbata	Propionibacterium propionicum	Solibacillus
Paenibacillus	Propionibacterium raffinosaceum	Solibacillus silvestris
Paenibacillus alvei	Propionibacterium rubrum	Staphylococcus albus
Paenibacillus gordonae	Propionibacterium technicum	Staphylococcus arlettae
Paenibacillus larvae	Propionibacterium thoenii	Staphylococcus auricularis
Paenibacillus larvae larvae	Propionibacterium zeae	Staphylococcus capitis
Paenibacillus lentimorbus	Propioniferax	Staphylococcus capitis capitis
Paenibacillus macerans	Propioniferax innocus	Staphylococcus capitis urealyticus
Paenibacillus polymyxa	Rhodococcus	Staphylococcus caprae
Paenibacillus popilliae	Rhodococcus aurantiacus	Staphylococcus carnosus
Paenibacillus thiaminolyticus	Rhodococcus bronchialis	Staphylococcus carnosus carnosus
Paenibacillus urinalis	Rhodococcus chubuensis	Staphylococcus carnosus utilis
Paenibacillus validus	Rhodococcus equi	Staphylococcus chromogenes
Pediococcus urinaequi	Rhodococcus erythropolis	Staphylococcus cohnii
Peptococcus saccharolyticus	Rhodococcus fascians	Staphylococcus cohnii cohnii
Propionibacterium	Rhodococcus globerulus	Staphylococcus cohnii urealyticus
Propionibacterium acidipropionici	Rhodococcus gordoniae	Staphylococcus condimenti
Propionibacterium acidi-propionici	Rhodococcus luteus	Staphylococcus epidermidis
Propionibacterium acnes	Rhodococcus obuensis	Staphylococcus epidermidis albus

## Common Commensals

Staphylococcus equorum  
Staphylococcus equorum equorum  
Staphylococcus equorum linens  
Staphylococcus felis  
Staphylococcus fleurettii  
Staphylococcus gallinarum  
Staphylococcus haemolyticus  
Staphylococcus hemolyticus  
Staphylococcus hominis  
Staphylococcus hominis hominis  
Staphylococcus hominis novobiosepticus  
Staphylococcus hyicus chromogenes  
Staphylococcus kloosii  
Staphylococcus lentus  
Staphylococcus lugdunensis  
Staphylococcus muscae  
Staphylococcus nepalensis  
Staphylococcus pasteurii  
Staphylococcus pettenkoferi  
Staphylococcus piscifermentans  
Staphylococcus pulvereri  
Staphylococcus saccharolyticus  
Staphylococcus saprophyticus  
Staphylococcus saprophyticus bovis  
Staphylococcus saprophyticus saprophyticus  
Staphylococcus schleiferi schleiferi  
Staphylococcus sciuri  
Staphylococcus sciuri carnaticus  
Staphylococcus sciuri lentus  
Staphylococcus sciuri rodentium  
Staphylococcus scuiri scuiri  
Staphylococcus simulans  
Staphylococcus simulans biovar staphylolyticus  
Staphylococcus succinus  
Staphylococcus succinus casei  
Staphylococcus succinus succinus

Staphylococcus vitulinus  
Staphylococcus vitulus  
Staphylococcus warneri  
Staphylococcus xylosus  
Staphylococcus, coagulase negative  
Stomatococcus mucilaginosus  
Streptococcus anginosus milleri group  
Streptococcus anginosus  
Streptococcus anginosus group  
Streptococcus anginosus-constellatus  
Streptococcus australis  
Streptococcus bovis biovar II2  
Streptococcus bovis group  
Streptococcus caprinus  
Streptococcus constellatus  
Streptococcus constellatus constellatus  
Streptococcus constellatus pharyngis  
Streptococcus criceti  
Streptococcus crista  
Streptococcus cristatus  
Streptococcus dentisani  
Streptococcus dolonei  
Streptococcus downei  
Streptococcus entericus  
Streptococcus equinus  
Streptococcus ferus  
Streptococcus gallolyticus  
Streptococcus gallolyticus gallolyticus  
Streptococcus gallolyticus macedonicus  
Streptococcus gallolyticus pasteurianus  
Streptococcus gordonii  
Streptococcus infantarius  
Streptococcus infantarius coli  
Streptococcus infantarius infantarius  
Streptococcus infantis  
Streptococcus intermedius

Streptococcus lutetiensis  
Streptococcus milleri group  
Streptococcus milleri group A  
Streptococcus milleri group C  
Streptococcus milleri group F  
Streptococcus milleri group G  
Streptococcus mitior  
Streptococcus mitis  
Streptococcus mitis group  
Streptococcus mutans  
Streptococcus mutans aggregate  
Streptococcus mutans ferus  
Streptococcus mutans group  
Streptococcus mutans serotype a  
Streptococcus mutans serotype b  
Streptococcus mutans serotype h  
Streptococcus mutans sobrinus  
Streptococcus oralis  
Streptococcus parasanguinis  
Streptococcus parasanguis  
Streptococcus pasteurianus  
Streptococcus peroris  
Streptococcus ratti  
Streptococcus rattus  
Streptococcus salivarius  
Streptococcus salivarius group  
Streptococcus salivarius salivarius  
Streptococcus salivarius thermophilus  
Streptococcus sanguinis  
Streptococcus sanguinis group  
Streptococcus sanguis  
Streptococcus sanguis group  
Streptococcus sanguis II  
Streptococcus sanguis type II  
Streptococcus sobrinus  
Streptococcus thermophilus

## Common Commensals

Streptococcus tigurinus  
Streptococcus vestibularis  
Streptococcus viridans  
Streptococcus, group F  
Streptococcus, viridans group  
Teichococcus  
Trueperella  
Trueperella bernardiae  
Trueperella pyogenes  
Tsukamurella  
Tsukamurella inchonensis  
Tsukamurella paurometabola  
Tsukamurella pulmonis  
Tsukamurella strandjordii  
Tsukamurella tyrosinosolvens  
Tufted fibril group streptococcus  
tufted mitior  
Turicella  
Turicella otitidis  
Virgibacillus  
Virgibacillus pantothenicus
