

Recognized Pathogens

Abiotrophia	Acremonium alabamensis	Aeromonas jandaei
Abiotrophia adiacens	Acremonium kiliense	Aeromonas jandei
Abiotrophia adiacens	Acremonium potroni	Aeromonas media
Abiotrophia defectiva	Acremonium potronii	Aeromonas molluscorum
Abiotrophia elegans	Acremonium recifei	Aeromonas popoffii
Acanthamoeba	Acremonium strictum	Aeromonas punctata
Acholeplasma	Acrotheca aquaspersa	Aeromonas salmonicida
Acholeplasma laidlawii	Actinobacillus	Aeromonas salmonicida achromogenes
Acholeplasma oculi	Actinobacillus actinomycetemcomitans	Aeromonas salmonicida masoucida
Achromobacter	Actinobacillus equuli	Aeromonas salmonicida pectinolytica
Achromobacter denitrificans	Actinobacillus hominis	Aeromonas salmonicida salmonicida
Achromobacter piechaudii	Actinobacillus lignieresii	Aeromonas salmonicida smithia
Achromobacter ruhlandii	Actinobacillus pseudomallei	Aeromonas schubertii
Achromobacter xylosoxidans	Actinobacillus suis	Aeromonas shigelloides
Achromobacter xylosoxidans xylosoxidans	Actinobacillus ureae	Aeromonas simiae
Achromobacter, group Vd biotype 1	Actinobaculum	Aeromonas sobria
Achromobacter, group Vd biotype 2	Actinobaculum massiliae	Aeromonas trota
Acidaminococcus	Actinobaculum massiliense	Aeromonas tructi
Acidaminococcus fermentans	Actinobaculum schaalii	Aeromonas veronii
Acid-fast bacillus	Actinobaculum urinale	Aeromonas veronii biovar sobria
Acidovorax	Actinomadura	Aeromonas veronii biovar veronii
Acidovorax delafieldii	Actinomadura dassonvillei	Afipia
Acidovorax facilis	Actinomadura latina	Afipia clevelandensis
Acidovorax temperans	Actinomadura madurae	Afipia felis
Acinetobacter	Actinomadura pelletieri	Aggregatibacter
Acinetobacter anitratus	Actinomyces asteroides	Aggregatibacter actinomycetemcomitans
Acinetobacter baumannii	Actinomyces brasiliensis	Aggregatibacter aphrophilus
Acinetobacter calcoaceticus	Actinomyces gonidiaformis	Aggregatibacter segnis
Acinetobacter calcoaceticus anitratus	Actinomyces necrophorus	Agrobacterium
Acinetobacter calcoaceticus lwoffii	Actinomyces ramosus	Agrobacterium radiobacter
Acinetobacter calcoaceticus lwoffii	Adenovirus	Agromyces
Acinetobacter calcoaceticus-baumannii complex	Aerobacter	Alcaligenes
Acinetobacter genospecies 3	Aerobacter aerogenes	Alcaligenes bronchisepticus
Acinetobacter haemolyticus	Aerobacter cloacae	Alcaligenes denitrificans
Acinetobacter hemolyticus	Aerobe	Alcaligenes faecalis
Acinetobacter johnsonii	Aeromonas	Alcaligenes odorans
Acinetobacter junii	Aeromonas bestiarum	Alcaligenes piechaudii
Acinetobacter lwoffii	Aeromonas caviae	Alcaligenes xylosoxidans
Acinetobacter lwoffii	Aeromonas caviae complex	Alcaligenes xylosoxidans denitrificans
Acinetobacter radioresistans	Aeromonas encheleia	Alcaligenes xylosoxidans xylosoxidans
Acinetobacter radioresistans	Aeromonas enteropelogenes	Aleurisma
Acinetobacter schindleri	Aeromonas eucrenophila	Alishewanella
Acinetobacter ursingii	Aeromonas eucrenophila	Alishewanella fetalis
Acladium castellanii	Aeromonas hydrophila	Alistipes
Acremonium	Aeromonas hydrophila complex	Alistipes putredinis

Recognized Pathogens

Allescheria boydii	Arcobacter	Azospirillum
Alloioococcus	Arcobacter butzleri	Azospirillum brasiliense
Alloioococcus otitis	Arcobacter cryaerophilus	B19 virus
Alloscardovia	Arcobacter nitrofigilis	Babesia
Alloscardovia omnicolens	Arenavirus	Babesia microti
Alpha non-hemolytic streptococcus	Arginine positive Pseudomonas stutzeri-like	Bacillus abortus
Alpha-hemolytic streptococcus	Arizona hinshawii	Bacillus anthracis
Alternaria	Arthrobacter siderocapsulatus	Bacillus violaceus
Alternaria alternata	Arthroderma	Bacterium anitratum
Alternaria dianthicola	Arthrographis	Bacterium lacti
Alternaria infectoria	Ascaris	Bacteroides
Alternaria tenuis	Aspergillus	Bacteroides bivius
Alternaria tenuissima	Aspergillus candidus	Bacteroides buccae
Alysiella	Aspergillus clavatus	Bacteroides buccalis
Alysiella crassa	Aspergillus deflectus	Bacteroides caccae
Amycolatopsis	Aspergillus flavipes	Bacteroides capillosus
Amycolatopsis orientalis	Aspergillus flavus	Bacteroides capillus
Anaerobe	Aspergillus fumigatus	Bacteroides clostridiiformis
Anaerobic Gram-negative bacillus	Aspergillus glaucus	Bacteroides coagulans
Anaerobic Gram-negative coccobacillus	Aspergillus nidulans	Bacteroides corporis
Anaerobic Gram-negative coccus	Aspergillus niger	Bacteroides denticola
Anaerobic Gram-positive bacillus	Aspergillus niveus	Bacteroides disiens
Anaerobic Gram-positive coccobacillus	Aspergillus ochraceus	Bacteroides distasonis
Anaerobic Gram-positive coccus	Aspergillus oryzae	Bacteroides eggerthii
Anaerobiospirillum	Aspergillus parasiticus	Bacteroides endodontalis
Anaerobiospirillum succinicoproducens	Aspergillus restrictus	Bacteroides fragilis
Anaerobiospirillum succinoproducens	Aspergillus sydowii	Bacteroides fragilis a
Anaerobiospirillum thomasii	Aspergillus terreus	Bacteroides fragilis fragilis
Anaerococcus	Aspergillus ustus	Bacteroides fragilis group
Anaerococcus hydrogenalis	Aspergillus versicolor	Bacteroides fragilis group 3452A
Anaerococcus lactolyticus	Aspergillus wentii	Bacteroides fragilis ovatus
Anaerococcus octavius	Asterococcus laidlawii	Bacteroides fragilis thetaiotamicron
Anaerococcus prevotii	Astroviridae	Bacteroides fragilis vulgatus
Anaerococcus tetradius	Atopobium	Bacteroides furcosus
Anaerococcus tetradius	Atopobium fossor	Bacteroides gingivalis
Anaerococcus vaginalis	Atopobium minutum	Bacteroides gracilis
Anaerorhabdus	Atopobium parvulum	Bacteroides heparinolyticus
Anaerorhabdus furcosus	Atopobium rimae	Bacteroides hypermegas
Anaplasma	Atopobium vaginae	Bacteroides intermedius
Ancylostoma	Aureobasidium	Bacteroides levii
Aneurinibacillus	Aureobasidium pullulans	Bacteroides macacae
Angiostrongylus	Averyella	Bacteroides melaninogenicus
Apophysomyces	Avian Influenza A H1N1 Virus	Bacteroides melaninogenicus asaccharolyticus
Apophysomyces elegans	Avian tubercle bacillus	Bacteroides melaninogenicus intermedius
Arbovirus group B	Avibacterium gallinarum	Bacteroides merdae

Recognized Pathogens

Bacteroides multiacidus	Battey bacillus	Bordetella
Bacteroides necrophorus	Beauveria	Bordetella avium
Bacteroides nodosus	Beauveria alba	Bordetella bronchiseptica
Bacteroides nordii	Beauveria bassiana	Bordetella hinzii
Bacteroides ochraceus	Beneckeia alginolytica	Bordetella holmesii
Bacteroides oralis	Beneckeia harveyi	Bordetella parapertussis
Bacteroides oris	Beneckeia parahaemolytica	Bordetella pertussis
Bacteroides oulorum	Beneckeia vulnifica	Bordetella pertussis rough phase IV
Bacteroides ovatus	Bergeyella	Bordetella petrii
Bacteroides pentosaceus	Bergeyella zoohelcum	Bordetella trematum
Bacteroides praeacuta	Beta-hemolytic streptococcus	Borrelia
Bacteroides praeacutus	Beta-hemolytic Streptococcus, group A	Borrelia afzelii
Bacteroides putredinis	Beta-hemolytic streptococcus, non-Group A, non-Group B	Borrelia anserina
Bacteroides pyogenes	Bifidobacterium	Borrelia burgdorferi
Bacteroides ruminicola	Bifidobacterium adolescentis	Borrelia caucasica
Bacteroides ruminicola brevis	Bifidobacterium angulatum	Borrelia coriaceae
Bacteroides salivosus	Bifidobacterium appendicitis	Borrelia crocidurae
Bacteroides splanchnicus	Bifidobacterium bifidum	Borrelia duttoni
Bacteroides stercoris	Bifidobacterium breve	Borrelia duttonii
Bacteroides symbiosus	Bifidobacterium catenulatum	Borrelia garinii
Bacteroides tectum	Bifidobacterium dentium	Borrelia hermsii
Bacteroides tectus	Bifidobacterium ericksonii	Borrelia hispanica
Bacteroides thetaiotaomicron	Bifidobacterium gallicum	Borrelia japonica
Bacteroides trichoides	Bifidobacterium infantis	Borrelia lusitaniae
Bacteroides uniformis	Bifidobacterium longum	Borrelia mazzottii
Bacteroides veroralis	Bifidobacterium pseudocatenulatum	Borrelia miyamotoi
Bacteroides vulgatus	Bifidobacterium scardovii	Borrelia novyi
Bacteroides zooglyphiformans	Bifidobacterium suis	Borrelia obermyeri
Balantidium	Bilophila	Borrelia parkeri
Balneatrix	Bilophila wadsworthia	Borrelia recurrentis
Balneatrix alpica	Bipolaris	Borrelia tanukii
Bartonella	Bipolaris australiensis	Borrelia theileri
Bartonella bacilliformis	Bipolaris hawaiiense	Borrelia turicatae
Bartonella clarridgeiae	Bipolaris hawaiiensis	Borrelia valaisiana
Bartonella elizabethae	Bipolaris spicifera	Borrelia venezuelensis
Bartonella henselae	BK Polyomavirus	Botryodiplodia
Bartonella quintana	Blastoschizomyces	Botryodiplodia theobromae
Bartonella vinsonii	Blastoschizomyces capitatus	Bovine tubercle bacillus
Bartonella vinsonii arupensis	Blastoschizomyces pseudotrivosporon	Brachycladium spiciferum
Bartonella vinsonii berkhoffii	Blautia	Brachyspira
Basidiobolus	Blautia coccoides	Brachyspira aalborgi
Basidiobolus haptosporus	Blautia hansenii	Brachyspira pilosicoli
Basidiobolus heterosporus	Blautia producta	Branhamella catarrhalis
Basidiobolus meristosporus	Boas-Oppler bacillus	Branhamella cuniculi
Basidiobolus ranarum	Bocavirus	Branhamella ovis

Recognized Pathogens

Brevundimonas	Buttiauxella	Campylobacter pyloridis
Brevundimonas diminuta	Buttiauxella agrestis	Campylobacter rectus
Brevundimonas vesicularis	Buttiauxella brennerae	Campylobacter showae
Brucella	Buttiauxella ferragutiae	Campylobacter sputorum
Brucella abortus	Buttiauxella gaviniae	Campylobacter sputorum bubulus
Brucella canis	Buttiauxella izardii	Campylobacter sputorum mucosalis
Brucella melitensis	Buttiauxella noackiae	Campylobacter sputorum sputorum
Brucella melitensis biovar suis	Buttiauxella warmboldiae	Campylobacter upsaliensis
Brucella melitensis biovar abortus	Butyribacterium rettgeri	Campylobacter ureolyticus
Brucella melitensis biovar canis	Butyrivibrio	Candida
Brucella melitensis biovar neotomae	Butyrivibrio fibrisolvens	Candida albicans
Brucella melitensis biovar ovis	Butyrivibrio hungatei	Candida albicans var stellatoidea
Brucella neotomae	Calicivirus	Candida auris
Brucella ovis	California encephalitis virus	Candida brumptii
Brucella suis	Calymmatobacterium	Candida candida
Budvicia	Calymmatobacterium granulomatis	Candida catenulata
Budvicia aquatica	Campylobacter	Candida ciferrii
Bulleidia	Campylobacter butzleri	Candida dubliniensis
Bulleidia extracta	Campylobacter cinaedi	Candida famata
Bunyaviridae	Campylobacter coli	Candida glabrata
Burkholderia	Campylobacter concisus	Candida guilliermondii
Burkholderia ambifaria	Campylobacter cryaerophila	Candida guilliermondii var membranaefaciens
Burkholderia anthina	Campylobacter curvus	Candida haemulonii
Burkholderia arboris	Campylobacter fennelliae	Candida inconspicua
Burkholderia cenocepacia	Campylobacter fetus	Candida intermedia
Burkholderia cepacia	Campylobacter fetus fetus	Candida kefyr
Burkholderia cepacia complex	Campylobacter fetus jejuni	Candida krusei
Burkholderia cocovenenans	Campylobacter fetus venerealis	Candida lambica
Burkholderia contaminans	Campylobacter gracilis	Candida lipolytica
Burkholderia diffusa	Campylobacter helveticus	Candida lusitaniae
Burkholderia dolosa	Campylobacter hominis	Candida norvegensis
Burkholderia fungorum	Campylobacter hyointestinalis	Candida obtusa
Burkholderia gladioli	Campylobacter insulaenigrae	Candida parakrusei
Burkholderia lata	Campylobacter jejuni	Candida parapsilosis
Burkholderia latens	Campylobacter jejuni doylei	Candida parapsilosis var obtusa
Burkholderia mallei	Campylobacter jejuni jejuni	Candida pararugosa
Burkholderia metallica	Campylobacter lanienae	Candida paratropicalis
Burkholderia multivorans	Campylobacter lari	Candida pelliculosa
Burkholderia pickettii	Campylobacter laridis	Candida pintolopesii
Burkholderia pseudomallei	Campylobacter mucosalis	Candida pulcherrima
Burkholderia pyrrocinia	Campylobacter mustelae	Candida ravautii
Burkholderia stabilis	Campylobacter nitrofigilis	Candida rugosa
Burkholderia thailandensis	Campylobacter pylori	Candida sake
Burkholderia ubonensis	Campylobacter pylori mustelae	Candida slooffii
Burkholderia vietnamensis	Campylobacter pylori pylori	Candida stellatoidea

Recognized Pathogens

Candida tropicalis	CDC group Iib	Chlamydia pneumoniae
Candida utilis	CDC group Iie	Chlamydia psittaci
Candida vini	CDC group IIf	Chlamydia trachomatis
Candida viswanathii	CDC group IIh	Chlamydia TWAR
Candida zeylanoides	CDC group Ili	Chlamydomphila
Capnocytophaga	CDC group IIk-1	Chlamydomphila abortus
Capnocytophaga canimorsus	CDC group IIk-2	Chlamydomphila pneumoniae
Capnocytophaga cynodegmi	CDC group IIk-3	Chlamydomphila psittaci
Capnocytophaga gingivalis	CDC group IVa	Chromobacterium
Capnocytophaga granulosa	CDC group IVc-2	Chromobacterium janthinum
Capnocytophaga hemolytica	CDC group IVe	Chromobacterium violaceum
Capnocytophaga ochracea	CDC group M-3	Chryseobacterium
Capnocytophaga sputigena	CDC group M-4	Chryseobacterium gleum
carbapenem resistant Acinetobacter	CDC group M-5	Chryseobacterium indologenes
carbapenem resistant Enterobacter cloacae	CDC group M-6	Chryseomonas
carbapenem resistant Klebsiella pneumoniae	CDC group P-1	Chryseomonas luteola
Cardiobacterium	CDC group TM-1	Chryseomonas polytricha
Cardiobacterium hominis	CDC group Vb-1	Chrysosporium
Cardiobacterium valvarum	CDC group Vb-2	Citrobacter
Catenibacterium	CDC Group Vb-3	Citrobacter amalonaticus
Catenibacterium mitsuokai	CDC group Vc	Citrobacter amalonaticus, biogroup 1
Catonella	CDC group Vd-1	Citrobacter braakii
Catonella morbi	CDC group Ve-1	Citrobacter diversus
CDC EF-19	CDC Nonoxidizer group 2	Citrobacter farmeri
CDC Enteric group 10	Cedecea	Citrobacter freundii
CDC Enteric group 15	Cedecea davisae	Citrobacter gillenii
CDC Enteric group 17	Cedecea lapagei	Citrobacter koseri
CDC Enteric group 45	Cedecea neteri	Citrobacter murlinae
CDC Enteric group 46	Cedecea species 3	Citrobacter rodentium
CDC Enteric group 57	Cedecea species 4	Citrobacter sedlakii
CDC Enteric Group 58	Cedecea species 5	Citrobacter werkmanii
CDC Enteric group 75	Centipeda	Citrobacter youngae
CDC Enteric group 90	Centipeda periodontii	Cladophialophora
CDC group DF-1	Cephalosporium	Cladophialophora bantiana
CDC group DF-2	Cephalosporium kiliense	Cladosporium
CDC group DF-2-like	Cephalosporium potronii	Cladosporium cladosporioides
CDC group DF-3	Cephalosporium recifei	Cladosporium herbarum
CDC group E9	Cephalosporium strictum	Cladosporium sphaerospermum
CDC group EF22	Chaetomium	Cladosporium werneckii
CDC group EF26	Chaetomium atrobrunneum	Cloaca cloacae
CDC group EF-4b	Chaetomium globosum	Clostridium
CDC group EF5	Chikungunya virus	Clostridium absonum
CDC Group EO-2	Chilomastix	Clostridium argentiense
CDC group HB-1	Chilomastix mesnili	Clostridium argentinense
CDC group Iia	Chlamydia	Clostridium barati

Recognized Pathogens

Clostridium baratii	Clostridium novyi, type B	Contagious ecthyma virus
Clostridium barkeri	Clostridium oedematiens	Contagious pustular dermatitis virus
Clostridium bartlettii	Clostridium orbiscindens	Coprococcus
Clostridium bifermentans	Clostridium oroticum	Coprococcus eutactus
Clostridium bolteae	Clostridium paraperfringens	Coronavirus
Clostridium botulinum	Clostridium paraputrificum	Corynebacterium diphtheriae
Clostridium botulinum group G	Clostridium perenne	Corynebacterium vaginale
Clostridium botulinum, type A	Clostridium perfringens	Coxiella
Clostridium botulinum, type E	Clostridium pseudofallax	Coxiella burnetii
Clostridium botulinum, type F	Clostridium pseudotetanicum	Creutzfeldt-Jakob agent
Clostridium butyricum	Clostridium putrefaciens	Creutzfeldt-Jakob disease agent
Clostridium cadaveris	Clostridium ramosum	Crimean-Congo hemorrhagic fever virus
Clostridium carnis	Clostridium sardiniense	Cronobacter
Clostridium celerecrescens	Clostridium sardiniensis	Cronobacter dublinensis
Clostridium clostridioforme	Clostridium septicum	Cronobacter malonaticus
Clostridium cochlearium	Clostridium sordellii	Cronobacter muytjensii
Clostridium cocleatum	Clostridium sphenoides	Cronobacter sakazakii
Clostridium difficile	Clostridium spiroforme	Cronobacter turicensis
Clostridium difficile	Clostridium sporogenes	Cryptobacterium
Clostridium disporicum	Clostridium sporosphaeroides	Cryptobacterium curtum
Clostridium edematiens (OT)	Clostridium subterminale	Cryptococcus aggregatus
Clostridium edematiens, type A	Clostridium symbiosum	Cryptosporidium
Clostridium edematiens, type B	Clostridium tertium	Cryptosporidium hominis
Clostridium fallax	Clostridium tetani	Cryptosporidium parvum
Clostridium ghoni	Clostridium villosum	Cunninghamella
Clostridium ghonii	Clostridium welchii	Cunninghamella bertholletiae
Clostridium glycolicum	Cokeromyces	Cupriavidus
Clostridium haemolyticum	Cokeromyces recurvatus	Cupriavidus basilensis
Clostridium hastiforme	Coliform bacteria	Cupriavidus gilardii
Clostridium hathewayi	Collinsella	Cupriavidus metallidurans
Clostridium hemolyticum	Collinsella aerofaciens	Cupriavidus necator
Clostridium histolyticum	Collinsella intestinalis	Cupriavidus pauculus
Clostridium indolis	Collinsella stercoris	Cupriavidus respiraculi
Clostridium innocuum	Colobactrum freundii	Curvularia
Clostridium intestinale	Colorado tick fever virus	Curvularia geniculata
Clostridium intestinalis	Comamonas	Curvularia lunata
Clostridium irregulare	Comamonas acidovorans	Curvularia speciferum
Clostridium irregularis	Comamonas aquatica	Curvularia spicifera
Clostridium lentoputrescens	Comamonas kerstersii	Cyclospora
Clostridium leptum	Comamonas terrigena	Cyclospora cayetanensis
Clostridium limosum	Comamonas testosteroni	Cysticercus
Clostridium malenominatum	Conidiobolus	Cytophaga heparina
Clostridium novyi	Conidiobolus coronatus	Dactylaria constricta
Clostridium novyi type D	Conidiobolus incongruus	Dactylaria constricta var gallopava
Clostridium novyi, type A	Coniothyrium	Delftia

Recognized Pathogens

Delftia acidovorans	Ebolavirus	Enterobacter cloacae complex
Delta hepatitis viral agent	Echinococcus	Enterobacter cowanii
Dengue virus	Edmonston virus	Enterobacter dissolvens
Dermatophilus	Edwardsiella	Enterobacter gergoviae
Dermatophilus congolensis	Edwardsiella anguillimortifera	Enterobacter hafniae
Dermatophilus pedis	Edwardsiella hoshinae	Enterobacter hormaechei
Desulfomonas	Edwardsiella ictaluri	Enterobacter hormaechi
Desulfomonas pigra	Edwardsiella tarda	Enterobacter intermedium
Desulfovibrio	Edwardsiella tarda, biogroup 1	Enterobacter intermedius
Desulfovibrio desulfuricans	Eelworm	Enterobacter kobei
Desulfovibrio piger	EF-4	Enterobacter liquefaciens
Desulfovibrio vulgaris	Eggerthella	Enterobacter ludwigii
Dialister	Eggerthella lenta	Enterobacter nimipressuralis
Dialister microaerophilus	Eggerthella sinesis	Enterobacter pyrinus
Dialister pneumosintes	Eggerthia catenaformis	Enterobacteriaceae
Dialister pneumosintes	EHEC, serotype O157:H7	Enterobius
Dibothriocephalus	Ehrlichia	Enterococcus
Dichelobacter	Eikenella	Enterococcus asini
Dichelobacter nodosus	Eikenella corrodens	Enterococcus avium
Dientamoeba	Elizabethkingia	Enterococcus canis
Dientamoeba fragilis	Elizabethkingia meningoseptica	Enterococcus casseliflavus
Dimorphic fungi	Emmonsia	Enterococcus cecorum
Diphtheria bacillus	Empedobacter	Enterococcus dispar
Diphyllobothrium	Empedobacter brevis	Enterococcus durans
Diplococcus pneumoniae	Endolimax	Enterococcus faecalis
Dipodascus capitatus	Endolimax nana	Enterococcus faecium
Dipylidium	Entamoeba	Enterococcus flavescens
Doderlein's bacillus	Entamoeba coli	Enterococcus gallinarum
Dolosicoccus	Entamoeba dispar	Enterococcus gilvus
Dolosicoccus paucivorans	Entamoeba gingivalis	Enterococcus haemoperoxidus
Dolosigranulum	Entamoeba hartmanni	Enterococcus hermanniensis
Dolosigranulum pigrum	Entamoeba histolytica	Enterococcus hirae
Dorea	Entamoeba histolytica/dispar	Enterococcus italicus
Dorea formicigenerans	Entamoeba polecki	Enterococcus malodoratus
Dorea longicatena	Enteric bacteria	Enterococcus moraviensis
Drechslera	Enterobacter	Enterococcus mundtii
Drechslera australiensis	Enterobacter aerogenes	Enterococcus pallens
Drechslera halodes	Enterobacter agglomerans	Enterococcus phoenicicola
Drechslera hawaiiensis	Enterobacter agglomerans group	Enterococcus pseudoavium
Drechslera rostrata	Enterobacter amnigenus	Enterococcus raffinosus
Drechslera spicifera	Enterobacter amnigenus biogroup I	Enterococcus ratti
Dysgonomonas	Enterobacter amnigenus biogroup II	Enterococcus saccharolyticus
Dysgonomonas capnocytophagoides	Enterobacter asburiae	Enterococcus saccharominimus
Dysgonomonas gadei	Enterobacter cancerogenus	Enterococcus seriolicida
Eastern equine encephalitis virus	Enterobacter cloacae	Enterococcus solitarius

Recognized Pathogens

Enterococcus sulfureus	Eubacterium budayi	Extended spectrum beta-lactamase producing Klebsiella oxytoca
Enterococcus villorum	Eubacterium cadaveris	Extended spectrum beta-lactamase producing Klebsiella pneumoniae
Enterocytozoon	Eubacterium callanderi	Extended spectrum beta-lactamase producing Proteus mirabilis
Enterohemorrhagic Escherichia coli, serotype O157:H7	Eubacterium combesii	Extended spectrum beta-lactamase producing Shigella sonnei
Enteromonas	Eubacterium contortum	Facklamia
Enteromonas hominis	Eubacterium cylindroides	Facklamia hominis
Enteropathogenic Escherichia coli	Eubacterium dolichum	Facklamia ignava
Enterovirus	Eubacterium eligens	Facklamia languida
Enterovirus type 72	Eubacterium exiguum	Facklamia sourekkii
Entomophthora	Eubacterium filamentosum	Facklamia tabacinasalis
Entomophthora coronata	Eubacterium fossor	Faecalibacterium
Epicoccum	Eubacterium hadrum	Faecalibacterium prausnitzii
Epidermophyton	Eubacterium hallii	Falcvibrio
Epstein-Barr virus	Eubacterium infirmum	Falcvibrio grandis
Erwinia	Eubacterium lentum	Falcvibrio vaginalis
Erwinia ananas	Eubacterium limosum	Family Orthomyxoviridae
Erwinia cancerogena	Eubacterium minutum	Fifth disease virus
Erwinia dissolvens	Eubacterium moniliforme	Filifactor
Erwinia herbicola-Enterobacter agglomerans group	Eubacterium nitrogenens	Filifactor alocis
Erwinia nimipressuralis	Eubacterium nodatum	Filifactor villosus
Erwinia persicina	Eubacterium plautii	Finegoldia
Erwinia uredovora	Eubacterium ramosum	Finegoldia magna
Erysipelothrix	Eubacterium ramulus	Fissuricella filamenta
Erysipelothrix inopinata	Eubacterium rectale	Flavimonas oryzihabitans
Erysipelothrix insidiosa	Eubacterium saburreum	Flavivirus
Erysipelothrix rhusiopathiae	Eubacterium saphenum	Flavobacterium
Erysipelothrix tonsillarum	Eubacterium siraeum	Flavobacterium aureum
Erythema infectiosum virus	Eubacterium sulci	Flavobacterium breve
Erythrovirus B19	Eubacterium tenue	Flavobacterium devorans
Escherichia	Eubacterium timidum	Flavobacterium gleum
Escherichia adecarboxylata	Eubacterium ventriosum	Flavobacterium group IIe
Escherichia albertii	Eubacterium yurii	Flavobacterium group IIh
Escherichia blattae	Ewingella	Flavobacterium heparinum
Escherichia coli	Ewingella americana	Flavobacterium indologenes
Escherichia coli, inactive	Exophiala	Flavobacterium meningosepticum
Escherichia fergusonii	Exophiala bergeri	Flavobacterium mitsuatai
Escherichia freundii	Exophiala dermatitidis	Flavobacterium multivorum
Escherichia hermannii	Exophiala jeanselmei	Flavobacterium odoratum
Escherichia vulneris	Exophiala spinifera	Flavobacterium paucimobilis
Eubacterium	Exophiala werneckii	Flavobacterium pseudomallei
Eubacterium aerofaciens	Exserohilum	Flavobacterium species group III
Eubacterium alactolyticum	Exserohilum rostratum	Flavobacterium spiritivorum
Eubacterium barkeri	Extended spectrum beta-lactamase producing Citrobacter freundii	Flavobacterium thalpophilum
Eubacterium bifforme	Extended spectrum beta-lactamase producing Enterobacter cloacae	Flavobacterium yabuuchiae
Eubacterium brachy	Extended spectrum beta-lactamase producing Escherichia coli	Flavobacterium, group II f

Recognized Pathogens

Flavonifractor	Fusobacterium necrogenes	Globicatella sanguinis
Flavonifractor plautii	Fusobacterium necrophorum	Globicatella sulfidifaciens
Flexner-Strong bacillus	Fusobacterium necrophorum fundiliforme	Gonococcus
Fluoribacter	Fusobacterium necrophorum necrophorum	Grahamella
Fluoribacter bozemanai	Fusobacterium nucleatum	Gram-negative bacillus
Fluoribacter dumoffii	Fusobacterium nucleatum fusiforme	Gram-negative bacillus, fermentative
Fluoribacter gormanii	Fusobacterium nucleatum nucleatum	Gram-negative bacillus, non-fermentative
Fonsecaea	Fusobacterium nucleatum polymorphum	Gram-negative coccobacillus
Fonsecaea compacta	Fusobacterium periodonticum	Gram-negative coccus
Fonsecaea compactum	Fusobacterium plauti-vincenti	Gram-negative diplococcus
Fonsecaea dermatitidis	Fusobacterium plauti	Gram-negative pleomorphic bacillus
Fonsecaea pedrosoi	Fusobacterium polymorphum	Gram-positive bacillus
Francisella	Fusobacterium prausnitzii	Gram-positive coccobacillus
Francisella tularensis	Fusobacterium russii	Gram-positive coccus
Friedlander's bacillus	Fusobacterium sulci	Gram-positive diplococcus
Frog tubercle bacillus	Fusobacterium symbiosum	Gram-variable bacillus
Fungus	Fusobacterium ulcerans	Gram-variable coccobacillus
Fusarium	Fusobacterium varium	Gram-variable coccus
Fusarium chlamydosporum	Gallicola	Granulicatella
Fusarium culmorum	Gallicola barnesae	Granulicatella adiacens
Fusarium dimerum	Gamma-hemolytic streptococcus	Granulicatella elegans
Fusarium graminearum	Gardnerella	Graphium
Fusarium javanicum	Gardnerella vaginalis	Grimontia
Fusarium moniforme var intermedium	Gas bacillus	Grimontia hollisae
Fusarium moniliforme	Gemella	Group 1 photochromogen
Fusarium oxysporum	Gemella bergeriae	Group B streptococcus
Fusarium poae	Gemella haemolysans	Haemophilus
Fusarium proliferatum	Gemella hemolysans	Haemophilus actinomycetemcomitans
Fusarium roseum	Gemella morbillorum	Haemophilus aegyptius
Fusarium semitectum	Gemella sanguinis	Haemophilus aphrophilus
Fusarium solani	Geobacillus	Haemophilus canis
Fusarium sporotrichioides	Geobacillus stearothermophilus	Haemophilus ducreyi
Fusarium tricinctum	Geobacillus thermodenitrificans	Haemophilus haemoglobinophilus
Fusarium tricintum	Geotrichum	Haemophilus haemolyticus
Fusarium verticillioides	Geotrichum candidum	Haemophilus influenzae
Fusififormis fusiformis	Geotrichum capitatum	Haemophilus influenzae type a
Fusobacterium	Geotrichum capitum	Haemophilus influenzae type b
Fusobacterium aloicis	Geotrichum klebahnii	Haemophilus influenzae, biotype I
Fusobacterium biacutus	German measles virus	Haemophilus influenzae, biotype II
Fusobacterium canifelinum	Giardia	Haemophilus influenzae, biotype III
Fusobacterium equinum	Giardia intestinalis	Haemophilus influenzae, biotype IV
Fusobacterium fusiforme	Giardia lamblia	Haemophilus influenzae, biotype V
Fusobacterium gonidiaformans	Glenosporella	Haemophilus influenzae, biotype VI
Fusobacterium mortiferum	Gliocladium	Haemophilus influenzae, biotype VII
Fusobacterium naviforme	Globicatella	Haemophilus influenzae, biotype VIII

Recognized Pathogens

Haemophilus influenzae, not b	Helicobacter mustelae	Human Glanders bacillus
Haemophilus parahaemolyticus	Helicobacter nemestrinae	Human herpes simplex virus
Haemophilus parainfluenzae	Helicobacter pametensis	Human herpes simplex virus type 1
Haemophilus parainfluenzae, biotype I	Helicobacter pullorum	Human herpes simplex virus type 2
Haemophilus parainfluenzae, biotype II	Helicobacter pylori	Human herpesvirus 3
Haemophilus parainfluenzae, biotype III	Helicobacter rappini	Human herpesvirus 4
Haemophilus parainfluenzae, biotype IV	Helicobacter rodentium	Human Herpesvirus 6
Haemophilus parainfluenzae, biotype V	Helicobacter salomonis	Human Herpesvirus 8
Haemophilus parainfluenzae, biotype VI	Helicobacter trogontum	Human immunodeficiency virus type 2
Haemophilus parainfluenzae, biotype VII	Helicobacter typhlonius	Human immunodeficiency virus type I
Haemophilus parainfluenzae, biotype VIII	Helminthosporium	Human metapneumovirus
Haemophilus paraphrophilus	Helminthosporium australiensis	Human papillomavirus
Haemophilus pittmaniae	Helminthosporium halodes	Human parainfluenza viruses
Haemophilus segnis	Helminthosporium hawaiiensis	Human parvovirus B19
Hafnia	Helminthosporium rostratum	Human poliovirus
Hafnia alvei	Helminthosporium spiciferum	Human polyomavirus BK
Hafnia alvei biogroup I	Hemophilus bovis	Human respiratory syncytial virus
Halomonas	Hemophilus pertussis	Human rhinovirus
Halomonas venusta	Hemophilus vaginalis	Human T-lymphotropic virus 1
Hansen's bacillus	Hepatitis A virus	Human T-lymphotropic virus 2
Hansenula angusta	Hepatitis B virus	Hydatigera
Hansenula anomala	Hepatitis C virus	Hymenolepis
Hansenula polymorpha	Hepatitis D virus	Ignavigranum
Hartmannella	Hepatitis E virus	Ignavigranum ruoffiae
Haverhillia moniliformis	Hepatitis G virus	Influenza A (H1N1) virus
Haverhillia multiformis	Herbaspirillum	Influenza A virus
Helcococcus	Herellea vaginicola	Influenza A virus subtype H1N1
Helcococcus kunzii	Herpesviridae	Influenza B virus
Helcococcus sueciensis	Herpesvirus	Influenza C virus
Helicobacter	Heterophyes	Influenzavirus group
Helicobacter acinonychis	Heterophyes heterophyes	Influenzavirus type A, avian, H1N1 strain
Helicobacter acinonyx	Holdemania	Inquilinus
Helicobacter aurati	Holdemania filiformis	Inquilinus limosus
Helicobacter bilis	Hormiscium dermatitidis	Isospora
Helicobacter bizzozeroni	Hormodendrum	JC virus
Helicobacter canadensis	Hormodendrum dermatitidis	Johne's bacillus
Helicobacter canis	Hormonema	Jonesia
Helicobacter cholecystus	Hormonema dermatoides	Jonesia denitrificans
Helicobacter cinaedi	Hortaea werneckii	Kerstesia
Helicobacter felis	Human (beta) herpes virus 5	Kerstesia gyiorum
Helicobacter fennelliae	Human coxsackievirus	Kingella
Helicobacter ganmani	Human coxsackievirus A	Kingella denitrificans
Helicobacter hepaticus	Human coxsackievirus B	Kingella indologenes
Helicobacter mesocricetorum	Human cytomegalovirus 5	Kingella kingae
Helicobacter muridarum	Human echovirus	Kingella orale

Recognized Pathogens

Kingella oralis	Lactobacillus cateniformis	Legionella cherrii
Kingella potus	Lactobacillus cateniformis	Legionella cincinnatiensis
Kitasatoa	Lactobacillus cellobiosus	Legionella drancourtii
Klebsiella	Lactobacillus confusus	Legionella drozanskii
Klebsiella aerogenes	Lactobacillus crispatus	Legionella dumoffii
Klebsiella granulomatis	Lactobacillus delbrueckii	Legionella erythra
Klebsiella ornithinolytica	Lactobacillus fermentum	Legionella fairfieldensis
Klebsiella oxytoca	Lactobacillus gasseri	Legionella fallonii
Klebsiella ozaenae	Lactobacillus gastricus	Legionella feeleeii
Klebsiella planticola	Lactobacillus iners	Legionella geestiae
Klebsiella pneumoniae	Lactobacillus jensenii	Legionella geestiana
Klebsiella pneumoniae ozaenae	Lactobacillus johnsonii	Legionella gormanii
Klebsiella pneumoniae pneumoniae	Lactobacillus kalixensis	Legionella hackeliae
Klebsiella pneumoniae rhinoscleromatis	Lactobacillus minutus	Legionella israelensis
Klebsiella rhinoscleromatis	Lactobacillus oris	Legionella jamestowniensis
Klebsiella singaporensis	Lactobacillus paracasei	Legionella janestowniensis
Klebsiella terrigena	Lactobacillus plantarum	Legionella jordanis
Klebsiella trevisanii	Lactobacillus reuteri	Legionella lansingensis
Klebsiella variicola	Lactobacillus rhamnosus	Legionella londiniensis
Klebs-Loeffler bacillus	Lactobacillus rimae	Legionella londoniensis
Kloeckera	Lactobacillus sakei	Legionella longbeachae
Kluyvera	Lactobacillus salivarius	Legionella lytica
Kluyvera ascorbata	Lactobacillus uli	Legionella maceachernii
Kluyvera cryocrescens	Lactobacillus ultunensis	Legionella micdadei
Kluyvera georgiana	Lactobacillus vaginalis	Legionella moravica
Kluyvera intermedia	Lactobacillus vitulinus	Legionella nautarum
Kluyveromyces	Lactococcus	Legionella oakridgensis
Kluyveromyces fragilis	Lactococcus garvieae	Legionella parisiensis
Kluyveromyces lactis	Lactococcus lactis	Legionella pittsburghensis
Kluyveromyces marxianus	Lasiodiplodia	Legionella pneumophila
Koch-Weeks bacillus	Lasiodiplodia theobromae	Legionella quateirensis
Kodamaea	Lassa virus	Legionella quateriensis
Kodamaea ohmeri	Leclercia	Legionella quinlivanii
Koserella	Leclercia adecarboxylata	Legionella rowbothamii
Koserella trabulsii	Lecythophora	Legionella rubrilucens
Kurthia	Lecythophora hoffmannii	Legionella sainthelens
Kurthia bessoni	Lecythophora mutabilis	Legionella sainthelensi
Lactobacillus	Legionella	Legionella santicrucis
Lactobacillus acidophilus	Legionella adelaidensis	Legionella shakespearei
Lactobacillus amylovorus	Legionella anisa	Legionella spiritensis
Lactobacillus antri	Legionella beliardensis	Legionella steigerwaltii
Lactobacillus arizonensis	Legionella birminghamensis	Legionella taurinensis
Lactobacillus brevis	Legionella bozemanae	Legionella tucsonensis
Lactobacillus buchneri	Legionella brunensis	Legionella wadsworthii
Lactobacillus casei	Legionella busanensis	Legionella waltersii

Recognized Pathogens

Legionella worsleiensis	Listeria welshimeri	Methylobacterium zatmanii
Legionella worsliensis	Listonella	Micrococcus catarrhalis
Leishmania	Loboa	Micrococcus cinereus
Leminorella	Lucibacterium harveyi	Micrococcus cryophilus
Leminorella grimontii	Lymphocytic choriomeningitis virus	Micrococcus halobius
Leminorella richardii	Lymphocytic choriomeningitis virus group	Micrococcus melitensis
Leprosy bacillus	Lymphogranuloma venereum virus	Micrococcus niger
Leptosphaeria	Macrococcus	Micrococcus pyogenes var aureus
Leptosphaeria senegalensis	Macrococcus bovicus	Micromonas micros
Leptosphaeria tompkinsii	Macrococcus carouelicus	Micropolyspora brevicatena
Leptospira	Macrococcus caseolyticus	Microsporidium
Leptospira Autumnalis	Macrococcus equiperficus	Microsporium
Leptospira Ballum	Macrosporium	Microsporium brachytomum
Leptospira Bataviae	Madurella	Mima polymorpha
Leptospira Canicola	Madurella grisea	Mitsuokella
Leptospira Grippotyphosa	Madurella mycetomatis	Mitsuokella dentalis
Leptospira Icterohaemorrhagiae	Madurella mycetomi	Mitsuokella multacida
Leptospira interrogans	Magnusiomyces capitatus	Mitsuokella multiacidus
Leptospira interrogans serogroup Autumnalis	Malassezia	Miyagawanella ornithosis virus
Leptospira interrogans serogroup Ballum	Malassezia furfur	Mobiluncus
Leptospira interrogans, serogroup Bataviae	Malassezia globosa	Mobiluncus curtisii
Leptospira interrogans, serogroup Canicola	Malassezia ovale	Mobiluncus mulieris
Leptospira interrogans, serogroup Grippotyphosa	Malassezia pachydermatis	Moellerella
Leptospira interrogans, serogroup Icterohemorrhagiae	Malassezia restricta	Moellerella wisconsensis
Leptospira interrogans, serogroup Pomona	Malassezia sympodialis	Mogibacterium
Leptospira interrogans, serogroup Pyrogenes	Malbranchea	Mogibacterium diversum
Leptotrichia	Malleomyces pseudomallei (OT)	Mogibacterium neglectum
Leptotrichia aerogenes	Mannheimia	Mogibacterium timidum
Leptotrichia buccalis	Mannheimia haemolytica	Mogibacterium vescum
Leptotrichia trevisanii	Marburgvirus	Mold
Leuconostoc	Massilia	Molluscum contagiosum virus
Leuconostoc amelibiosum	Massilia timonae	Monilia
Leuconostoc citreum	Mastadenovirus	Monilia albicans
Leuconostoc lactis	Measles virus	Monkeypox virus
Leuconostoc mesenteroides	Megamonas	Monosporium apiospermum
Leuconostoc pseudomesenteroides	Megamonas hypermegale	Morax-Axenfeld bacillus
Levinea amalonatica	Megamonas hypermegas	Moraxella
Levinea malonitica	Megasphaera	Moraxella anatipestifer
Listeria	Megasphaera elsdenii	Moraxella atlantae
Listeria denitrificans	Meningococcus	Moraxella boeveyi
Listeria grayi	Metarhizium	Moraxella bovis
Listeria innocua	Metarhizium anisopliae	Moraxella canis
Listeria ivanovii	Methicillin-resistant Staphylococcus aureus	Moraxella caprae
Listeria monocytogenes	Methylobacterium	Moraxella catarrhalis
Listeria seeligeri	Methylobacterium mesophilicum	Moraxella cuniculi

Recognized Pathogens

Moraxella kingae	Mycobacterium aquae	Mycobacterium gadium
Moraxella kingii	Mycobacterium asiaticum	Mycobacterium gastri
Moraxella lacunata	Mycobacterium aurum	Mycobacterium genavense
Moraxella lincolni	Mycobacterium austroafricanum	Mycobacterium giae
Moraxella liquefaciens	Mycobacterium avium	Mycobacterium gilvum
Moraxella nonliquefaciens	Mycobacterium avium complex	Mycobacterium goodii
Moraxella oblonga	Mycobacterium balnei	Mycobacterium gordonae
Moraxella osloensis	Mycobacterium boenickei	Mycobacterium habana
Moraxella ovis	Mycobacterium bohemicum	Mycobacterium haemophilum
Moraxella phenylpyruvica	Mycobacterium bolletii	Mycobacterium hassiacum
Moraxella polymorpha	Mycobacterium bovis	Mycobacterium heckeshornense
Moraxella urethralis	Mycobacterium branderi	Mycobacterium heidelbergense
Morbillivirus	Mycobacterium brisbanense	Mycobacterium hemophilum
Morganella	Mycobacterium brumae	Mycobacterium hiberniae
Morganella morganii	Mycobacterium brunense	Mycobacterium hodleri
Morganella morganii sibonii	Mycobacterium buruli	Mycobacterium holsaticum
Morganella morganii, biogroup 1	Mycobacterium canariense	Mycobacterium houstonense
Mortierella	Mycobacterium canariense	Mycobacterium immunogenum
Mortierella wolfii	Mycobacterium canetti	Mycobacterium interjectum
Mucor	Mycobacterium caprae	Mycobacterium intermedium
Mucor circinelloides	Mycobacterium celatum	Mycobacterium intracellulare
Mucor hiemalis	Mycobacterium chelonae	Mycobacterium 'J' group
Mucor janssenii	Mycobacterium chelonae abscessus	Mycobacterium johnei
Mucor javanicus	Mycobacterium chelonae chelonae	Mycobacterium kansasii
Mucor pusillus	Mycobacterium chelonae	Mycobacterium komossense
Mucor racemosus	Mycobacterium chesapeakei	Mycobacterium komossense
Mucor ramosissimus	Mycobacterium chitae	Mycobacterium kubicae
Mucor rouxians	Mycobacterium chlorophenicus	Mycobacterium lacticola
multidrug resistant Achromobacter xylosoxidans	Mycobacterium chubuense	Mycobacterium lacus
multidrug resistant Acinetobacter	Mycobacterium confluentis	Mycobacterium lentiflavum
multidrug resistant Enterobacter asburiae	Mycobacterium conspicuum	Mycobacterium leprae
multidrug resistant Klebsiella pneumoniae	Mycobacterium cookii	Mycobacterium littorale
multidrug resistant Morganella morganii	Mycobacterium cosmeticum	Mycobacterium luciflavum
multidrug resistant Pseudomonas aeruginosa	Mycobacterium diernhoferi	Mycobacterium madagascariense
multiple drug-resistant Enterobacter cloacae	Mycobacterium doricum	Mycobacterium mageritense
multiple drug-resistant Proteus mirabilis	Mycobacterium duvalii	Mycobacterium malmoense
Mumps virus	Mycobacterium elephantis	Mycobacterium margeritense
Mycete	Mycobacterium fallax	Mycobacterium marianum
Mycobacterium	Mycobacterium farcinogenes	Mycobacterium marinum
Mycobacterium abscessus	Mycobacterium flavescens	Mycobacterium massiliense
Mycobacterium abscessus bolletii	Mycobacterium fortuitum	Mycobacterium microti
Mycobacterium africanum	Mycobacterium fortuitum complex	Mycobacterium minetti
Mycobacterium agri	Mycobacterium fortuitum fortuitum	Mycobacterium montefiorensis
Mycobacterium aichiense	Mycobacterium fortuitum-chelonae complex	Mycobacterium moriokaense
Mycobacterium alvei	Mycobacterium frederiksbergense	Mycobacterium mucogenicum

Recognized Pathogens

Mycobacterium neoaurum	Mycobacterium wolinskyi	Neisseria macacae
Mycobacterium neworleansense	Mycobacterium xenopei	Neisseria meningitidis
Mycobacterium nonchromogenicum	Mycobacterium xenopi	Neisseria meningitidis serogroup A
Mycobacterium novocastrense	Mycobacterium, avium-intracellulare group	Neisseria meningitidis serogroup B
Mycobacterium obuense	Mycoplasma	Neisseria meningitidis serogroup C
Mycobacterium palustre	Mycoplasma buccale	Neisseria meningitidis serogroup W135
Mycobacterium paraffinicum	Mycoplasma faucium	Neisseria meningitidis serogroup Y
Mycobacterium parafortuitum	Mycoplasma fermentans	Neisseria mucosa
Mycobacterium parascrofulaceum	Mycoplasma genitalium	Neisseria ovis
Mycobacterium paratuberculosis	Mycoplasma hominis	Neisseria parelongata
Mycobacterium parmense	Mycoplasma incognitum	Neisseria pharyngis
Mycobacterium peregrinum	Mycoplasma laidlawii	Neisseria polysaccharea
Mycobacterium phlei	Mycoplasma lipophilum	Neisseria sicca
Mycobacterium phocaicum	Mycoplasma orale	Neisseria subflava
Mycobacterium pinnipedii	Mycoplasma orale type 1	Neisseria weaveri
Mycobacterium platypocilus	Mycoplasma orale type 2	Neorickettsia
Mycobacterium porcinum	Mycoplasma orale type 3	Neorickettsia sennetsu
Mycobacterium psychrotolerans	Mycoplasma penetrans	Nesterenkonia
Mycobacterium ranae	Mycoplasma pirum	Nesterenkonia halobia
Mycobacterium rhodesiae	Mycoplasma pneumoniae	Nigrospora
Mycobacterium scrofulaceum	Mycoplasma primatum	Nocardia
Mycobacterium senegalense	Mycoplasma salivarium	Nocardia abscessus
Mycobacterium septicum	Mycoplasma spermatophilum	Nocardia africana
Mycobacterium sherrisii	Mycoplasma, T strains	Nocardia anaemiae
Mycobacterium shimoidei	Myroides	Nocardia antarctica
Mycobacterium shottsii	Myroides odoratus	Nocardia aobensis
Mycobacterium simiae	Myxovirus	Nocardia araoensis
Mycobacterium smegmatis	Naegleria	Nocardia arthritidis
Mycobacterium sphagni	Nannizzia	Nocardia asiatica
Mycobacterium szulgai	Necator	Nocardia asteroides
Mycobacterium terrae	Neisseria	Nocardia asteroides complex
Mycobacterium terrae complex	Neisseria canis	Nocardia beijingensis
Mycobacterium thermoresistibile	Neisseria catarrhalis	Nocardia brasiliensis
Mycobacterium tokaiense	Neisseria cinerea	Nocardia brevicatena
Mycobacterium tokainse	Neisseria cuniculi	Nocardia carnea
Mycobacterium triplex	Neisseria dentiae	Nocardia caviae
Mycobacterium triviale	Neisseria elongata	Nocardia cyriaciageorgica
Mycobacterium tuberculosis	Neisseria elongata elongata	Nocardia cyriaciageorgici
Mycobacterium tuberculosis African variant	Neisseria elongata glycolytica	Nocardia dassonvillei
Mycobacterium tuberculosis complex	Neisseria elongata nitroreducens	Nocardia elegans
Mycobacterium tuberculosis group	Neisseria flavescens	Nocardia farcinica
Mycobacterium tusciae	Neisseria gonorrhoeae	Nocardia higoensis
Mycobacterium ulcerans	Neisseria iguanae	Nocardia inohanensis
Mycobacterium vaccae	Neisseria intracellularis	Nocardia kruszalkiae
Mycobacterium vanbaalenii	Neisseria lactamica	Nocardia madurae

Recognized Pathogens

Nocardia mexicana	Orbivirus	Pasteurella haemolytica
Nocardia niigatensis	Orf virus	Pasteurella multocida
Nocardia nova	Orientia	Pasteurella multocida biotype 6
Nocardia orientalis	Orientia tsutsugamushi	Pasteurella multocida gallicida
Nocardia otitidiscaviarum	Ornithosis virus	Pasteurella multocida multocida
Nocardia otitis caviarum	Orthomyxovirus group	Pasteurella multocida septica
Nocardia paucivorans	Paecilomyces	Pasteurella pestis
Nocardia pneumoniae	Paecilomyces javanicus	Pasteurella pneumotropica
Nocardia pseudobrasiliensis	Paecilomyces lilacinus	Pasteurella pseudotuberculosis
Nocardia sienata	Paecilomyces marquandii	Pasteurella stomatis
Nocardia testacea	Paecilomyces variotii	Pasteurella tularensis
Nocardia transvalensis	Pandoraea	Pasteurella ureae
Nocardia veterana	Pandoraea apista	Pectobacterium
Nocardia yamanashiensis	Pandoraea norimbergensis	Pediculus humanus
Nocardiopsis	Pandoraea pnomenusa	Pediococcus
Nocardiopsis dassonvillei	Pandoraea pulmonicola	Pediococcus acidilactici
Nocardiopsis synnemataformans	Pandoraea sputorum	Pediococcus pentosaceus
nonagglutinating Vibrio	Pantoea	Pedobacter
Non-hemolytic streptococcus	Pantoea agglomerans	Pedobacter heparinus
Norovirus	Pantoea ananas	Pedobacter piscium
Norwalk virus	Pantoea ananatis	Penicillium
Nuttallia	Pantoea dispersa	Penicillium chrysogenum
Obesumbacterium	Papillomaviridae	Penicillium citrinum
Obesumbacterium proteus	Parabacteroides	Penicillium commune
Ochrobactrum	Parabacteroides distazonis	Penicillium decumbens
Ochrobactrum anthropi	Parabacteroides merdae	Penicillium expansum
Ochrobactrum intermedium	Paracoccus	Penicillium griseofulvum
Ochroconis	Paracoccus yeei	Penicillium lilacinum
Ochroconis constricta	Paramyxoviridae	Penicillium marneffeii
Ochroconis gallopava	Parascardovia	Penicillium patulum
Ochroconis gallopavum	Parascardovia denticolens	Penicillium puberulum
Ochroconis humicola	Parasite	Penicillium purpurogenum
Odoribacter	Parvimonas	Penicillium rubrum
Odoribacter splanchnicus	Parvimonas micra	Penicillium spinulosum
Ogataea	Parvovirus	Penicillium verruculosum
Ogataea angusta	Pasteurella	Penicillium viridicatum
Ogataea polymorpha	Pasteurella aerogenes	Peptococcus
Oidiodendron	Pasteurella anatipestifer	Peptococcus asaccharolyticus
Oidium albicans	Pasteurella bettii	Peptococcus glycinophilus
Oligella	Pasteurella bettyae	Peptococcus indolicus
Oligella urealytica	Pasteurella caballi	Peptococcus niger
Oligella ureilytica	Pasteurella canis	Peptoniphilus
Oligella ureolytica	Pasteurella dagmatis	Peptoniphilus asaccharolyticus
Oligella urethralis	Pasteurella enterocolitica	Peptoniphilus harei
Oospora lactis	Pasteurella gallinarum	Peptoniphilus ivorii

Recognized Pathogens

Peptoniphilus lacrimalis	Phoma	Porphyromonas crevioricanis
Peptostreptococcus	Photobacterium	Porphyromonas endodontalis
Peptostreptococcus anaerobius	Photobacterium damsela damsela	Porphyromonas gingivalis
Peptostreptococcus asaccharolyticus	Photorhabdus	Porphyromonas gingivicanis
Peptostreptococcus elsdenii	Photorhabdus asymbiotica	Porphyromonas gulae
Peptostreptococcus hydrogenalis	Photorhabdus luminescens	Porphyromonas levii
Peptostreptococcus indolicus	Photorhabdus temperata	Porphyromonas macacae
Peptostreptococcus lacrimalis	Pichia	Porphyromonas salivosa
Peptostreptococcus lactolyticus	Pichia angusta	Porphyromonas somerae
Peptostreptococcus magnus	Pichia anomala	Poxviridae
Peptostreptococcus micros	Pichia farinosa	Pragia
Peptostreptococcus octavii	Pichia guilliermondii	Pragia fontium
Peptostreptococcus parvulus	Pichia ohmeri	Prevotella
Peptostreptococcus prevotii	Pichia polymorpha	Prevotella bivia
Peptostreptococcus productus	Picornavirus	Prevotella buccae
Peptostreptococcus tetradius	Piedraia	Prevotella buccalis
Peptostreptococcus vaginalis	Piedraia hortae	Prevotella corporis
Petriellidium boydii	Pithomyces	Prevotella dentalis
Petriellidium boydii	Pityrosporum	Prevotella denticola
Pfeiffer's bacillus	Pityrosporum canis	Prevotella disiens
Phaeoacremonium	Pityrosporum furfur	Prevotella enoeca
Phaeoacremonium parasiticum	Pityrosporum orbiculare	Prevotella heparinolytica
Phaeoannellomyces	Pityrosporum ovale	Prevotella intermedia
Phaeoannellomyces werneckii	Pityrosporum pachydermatis	Prevotella loescheii
Phaeoannelomyces werneckii	Plasmodium	Prevotella marshii
Phaeococcomyces	Plasmodium falciparum	Prevotella melaninogenica
Phaeococcomyces exophialae	Plasmodium knowlesi	Prevotella multiformis
Phialemonium	Plasmodium malariae	Prevotella multisaccharivorax
Phialemonium curvatum	Plasmodium ovale	Prevotella nigrescens
Phialemonium dimorphosporum	Plasmodium vivax	Prevotella oralis
Phialemonium obovatum	Plesiomonas	Prevotella oralis group
Phialophora mutabilis	Plesiomonas shigelloides	Prevotella oris
Phialophora	Pleurostomophora	Prevotella oulora
Phialophora americana	Pleurostomophora richardsiae	Prevotella oulorum
Phialophora compacta	Pneumococcus	Prevotella pallens
Phialophora compactum	Polyomaviridae	Prevotella ruminicola
Phialophora dermatitidis	Polyomavirus	Prevotella ruminicola ruminicola
Phialophora europaea	Porphyromonas	Prevotella salivae
Phialophora gougerotii	Porphyromonas asaccharolyticus	Prevotella shahii
Phialophora hoffmannii	Porphyromonas cangingivalis	Prevotella tanneriae
Phialophora jeanselmei	Porphyromonas canoris	Prevotella veroralis
Phialophora pedrosoi	Porphyromonas cansulci	Prevotella zoogloeiformans
Phialophora richardsiae	Porphyromonas catoniae	Propionimicrobium
Phialophora spinifera	Porphyromonas circumdentaria	Propionimicrobium lymphophilum
Phialophora verrucosa	Porphyromonas circumdentaria	Proteus

Recognized Pathogens

Proteus hauseri	Pseudomonas delafieldii	Pullularia pullulans
Proteus inconstans, subgroup A	Pseudomonas denitrificans	Pustular dermatitis virus
Proteus inconstans, subgroup B	Pseudomonas diminuta	Pyrenochaeta
Proteus mirabilis	Pseudomonas facilis	Pyrenochaeta romeroi
Proteus myxofaciens	Pseudomonas fluorescens	Rabies virus
Proteus penneri	Pseudomonas gladioli	Radish bacillus
Proteus rettgeri	Pseudomonas hydrophila	Rahnella
Proteus vulgaris	Pseudomonas luteola	Rahnella aquatilis
Proteus vulgaris biogroup 1	Pseudomonas mallei	Rahnella genomospecies 1
Proteus vulgaris biogroup 3	Pseudomonas maltophilia	Ralstonia
Proteus vulgaris indole negative	Pseudomonas marginalis	Ralstonia gilardii
Protomonas	Pseudomonas mendocina	Ralstonia insidiosa
Prototheca	Pseudomonas monteilii	Ralstonia mannitolilytica
Prototheca filamenta	Pseudomonas mosselii	Ralstonia paucula
Prototheca wickerhamii	Pseudomonas multivorans	Ralstonia pickettii
Prototheca zopfii	Pseudomonas odorans	Ralstonia respiraculi
Protozoan	Pseudomonas oryzihabitans	Ralstonia thomasi
Providencia	Pseudomonas paucimobilis	Ramibacterium ramosum
Providencia alcalifaciens	Pseudomonas perfectomarina	Ramichloridium cerophilum
Providencia alcalifaciens biogroup 3	Pseudomonas perfectomarinus	Raoultella
Providencia friedericiana	Pseudomonas pertucinogena	Raoultella ornithinolytica
Providencia haimbachae	Pseudomonas pickettii	Raoultella planticola
Providencia heimbachae	Pseudomonas pseudoalcaligenes	Raoultella terrigena
Providencia rettgeri	Pseudomonas pseudomallei	Rapid growing mycobacteria
Providencia rustigianii	Pseudomonas putida	Reovirus group
Providencia stuartii	Pseudomonas putrefaciens	Respiratory syncytial virus
Pseudallescheria	Pseudomonas pyocyaneus	Respirovirus
Pseudallescheria boydii	Pseudomonas pyrrocinia	Rhabdovirus
Pseudoallescheria boydii	Pseudomonas shigelloides	Rhinoclatidiella
Pseudoflavonifractor	Pseudomonas stutzeri	Rhinoclatidiella aquaspersa
Pseudoflavonifractor capillosus	Pseudomonas stutzeri-like	Rhinoclatidiella atrovirens
Pseudomonas	Pseudomonas testosteroni	Rhinoclatidiella compacta
Pseudomonas acidovorans	Pseudomonas thomasi	Rhinoclatidiella compactum
Pseudomonas aeruginosa	Pseudomonas veronii	Rhinoclatidiella pedrosoi
Pseudomonas alcaligenes	Pseudomonas vesicularis	Rhinoclatidiella spinifera
Pseudomonas alcaligenes biotype B	Pseudomonas, group IIK-2	Rhinosporidium
Pseudomonas alliiicola	Pseudomonas, group VA-1	Rhizobium
Pseudomonas antimicrobica	Pseudoramibacter	Rhizobium radiobacter
Pseudomonas aureofaciens	Pseudoramibacter alactolyticus	Rhizobium rubi
Pseudomonas beteli	Pseudozyma	Rhizobium vitis
Pseudomonas betle	Pseudozyma aphidids	Rhizomucor
Pseudomonas cepacia	Psychrobacter	Rhizomucor miehei
Pseudomonas chloritidismutans	Psychrobacter immobilis	Rhizomucor pusillus
Pseudomonas chlororaphis	Psychrobacter phenylpyruvicus	Rhizopus
Pseudomonas cocovenenans	Pullularia	Rhizopus arrhizus

Recognized Pathogens

Rhizopus microsporus	Saccharopolyspora rectivirgula	Sarcinomyces inkin
Rhizopus nigricans	Saksenaea	Sarcinomyces werneckii
Rhizopus oryzae	Saksenaea vasiformis	Sarcinosporon
Rhizopus stolonifer	Salivary gland virus	Sarcinosporon inkin
Rhodococcus chlorophenolicus	Salmonella	Sarcocystis
Rhodotorula	Salmonella Agona	Sarcocystis hominis
Rhodotorula glutinis	Salmonella arizona	Sarcocystis lindemanni
Rhodotorula minuta	Salmonella bongori	Sarcocystis sui hominis
Rhodotorula mucilaginosa	Salmonella Choleraesuis	Scabies mite
Rhodotorula pilimanae	Salmonella diarizonae	Scardovia
Rhodotorula rubra	Salmonella Dublin	Scardovia inopinata
Rickettsia	Salmonella enterica	Scedosporium
Rickettsia akari	Salmonella enterica arizonae	Scedosporium apiospermum
Rickettsia conorii	Salmonella enterica diarizonae	Scedosporium boydii
Rickettsia mooseri	Salmonella enterica enterica	Scedosporium inflatum
Rickettsia orientalis	Salmonella enterica houtenae	Scedosporium prolificans
Rickettsia parkeri	Salmonella enterica indica	Schizophyllum
Rickettsia prowazekii	Salmonella enterica salamae	Schizophyllum commune
Rickettsia quintana	Salmonella Enteritidis	Scolecobasidium
Rickettsia rickettsii	Salmonella Gallinarum	Scolecobasidium constrictum
Rickettsia rickettsii, spotted fever group	Salmonella group A	Scolecobasidium humicola
Rickettsia sibirica	Salmonella group B	Scopulariopsis
Rickettsia tsutsugamushi	Salmonella group C1	Scopulariopsis acremonium
Rickettsia typhi	Salmonella group C2	Scopulariopsis brevicaulis
Riemerella	Salmonella group F	Scopulariopsis brumptii
Riemerella anatipestifer	Salmonella Heidelberg	Scopulariopsis candida
Rift Valley fever virus	Salmonella houtenae	Scrofula scotochromogen
Rochalimaea	Salmonella indica	Scytalidium
Rochalimaea elizabethae	Salmonella Infantis	Scytalidium dimidiatum
Rochalimaea henselae	Salmonella Montevideo	Scytalidium hyalinum
Rochalimaea quintana	Salmonella Newport	Scytalidium synanamorph of Hendersonula toruloidea
Rochalimaea vinsonii	Salmonella Oranienburg	Scytalidium synanamorph of Natrassia mangiferae
Rochalimea	Salmonella Paratyphi A	Selenomonas
Rotavirus	Salmonella Paratyphi B	Selenomonas artemidis
Rubella virus	Salmonella Paratyphi C	Selenomonas diana
Rubeola virus	Salmonella Saintpaul	Selenomonas flueggei
Rubivirus	Salmonella salamae	Selenomonas infelix
Ruminococcus	Salmonella Typhi	Selenomonas noxia
Ruminococcus hansenii	Salmonella Typhimurium	Selenomonas sputigena
Ruminococcus productus	Salmonella, serogroup D	Sepedonium
Saccharomonospora	Salmonella, serogroup E	Serpula jonesii
Saccharomonospora viridis	Sapromyces	Serpulina
Saccharomyces	Sapromyces laidlawii	Serpulina jonesii
Saccharomyces cerevisiae	Sarcina	Serpulina pilosicoli
Saccharopolyspora	Sarcina ventriculi	Serratia

Recognized Pathogens

Serratia entomophila	Sphingobacterium	Staphylococcus lutrae
Serratia ficaria	Sphingobacterium antarcticum	Staphylococcus parvulus
Serratia fonticola	Sphingobacterium antarcticus	Staphylococcus pseudintermedius
Serratia grimesii	Sphingobacterium faecium	Staphylococcus pyogenes aureus
Serratia liquefaciens	Sphingobacterium heparinum	Staphylococcus pyogenes citreus
Serratia marcescens	Sphingobacterium mizutae	Staphylococcus schleiferi
Serratia marcescens, Biogroup I	Sphingobacterium multivorum	Staphylococcus schleiferi coagulans
Serratia marinorubra	Sphingobacterium piscium	Staphylococcus, coagulase positive
Serratia odorifera	Sphingobacterium spiritivorum	Stemphylium
Serratia odorifera biogroup 1	Sphingobacterium thalpophilum	Stenotrophomonas
Serratia odorifera biogroup 2	Sphingobacterium versatilis	Stenotrophomonas maltophilia
Serratia plymuthica	Sphingobacterium yabuuchiae	Stephanoascus
Serratia proteamaculans	Sphingomonas	Stephanoascus ciferrii
Serratia proteamaculans proteamaculans	Sphingomonas parapaucimobilis	Streptobacillus
Serratia proteamaculans quinovora	Sphingomonas paucimobilis	Streptobacillus moniliformis
Serratia quinivorans	Spirilla morsus minus	Streptococcus
Serratia rubidaea	Spirillum	Streptococcus acidominimus
Serratia ureilytica	Spirillum minor	Streptococcus adjacens
Shewanella	Spirillum minus	Streptococcus agalactiae
Shewanella algae	Spirochaeta morsus minus	Streptococcus alactolyticus
Shewanella putrefaciens	Spirochaeta muris	Streptococcus anaerobius micros
Shiga's bacillus	Spirochaeta pallida	Streptococcus avium
Shigella	Sporobolomyces	Streptococcus canis
Shigella biogroup A	Sporobolomyces roseus	Streptococcus casseliflavus
Shigella biogroup B	Sporobolomyces salmonicolor	Streptococcus cecorum
Shigella biogroup C	Sporothrix	Streptococcus defectivus
Shigella biogroup D	Sporothrix cyanescens	Streptococcus difficilis
Shigella boydii	Sporothrix schenckii	Streptococcus durans
Shigella dysenteriae	Sporothrix schenkii	Streptococcus dysgalactiae
Shigella flexneri	Sporotrichum	Streptococcus dysgalactiae dysgalactiae
Shigella sonnei	Sporotrichum beurmannii	Streptococcus dysgalactiae equisimilis
Simian Virus 40	Sporotrichum pruinosum	Streptococcus elegans
Simonsiella	Sporotrichum schenckii	Streptococcus equi
Simonsiella crassa	Sporotrichum schenkii	Streptococcus equi equi
Simonsiella muelleri	St Louis encephalitis virus	Streptococcus equi zooepidemicus
Slackia	Stachybotrys	Streptococcus faecalis
Slackia exigua	Stachybotrys chartarum	Streptococcus faecium
Slackia heliotrinireducens	Staphylococcus	Streptococcus fecalis malodoratus
Smallpox virus	Staphylococcus asaccharolyticus	Streptococcus gallinarum
Smegma bacillus	Staphylococcus aureus	Streptococcus garviae
Smooth colony variant of Mycobacterium tuberculosis	Staphylococcus caseolyticus	Streptococcus group D, Enterococcus
Sneathia	Staphylococcus delphini	Streptococcus hansenii
Sneathia sanguinegens	Staphylococcus hyicus	Streptococcus hyovaginalis
Sphaerophorus fusiformis	Staphylococcus hyicus hyicus	Streptococcus iniae
Sphaerophorus necrophorus	Staphylococcus intermedius	Streptococcus intestinalis

Recognized Pathogens

Streptococcus lactis	Sutterella	Treponema pallidum pallidum
Streptococcus macacae	Sutterella wadsworthensis	Treponema pallidum pertenuae
Streptococcus micros	Suttonella	Treponema pertenuae
Streptococcus morbillorum	Suttonella indologenes	TRIC agent
Streptococcus oligofermentans	Syncephalastrum	Trichinella
Streptococcus parvulus	Syncephalastrum racemosum	Trichoderma
Streptococcus pleomorphus	Taenia	Trichoderma viride
Streptococcus pneumoniae	Tanapox virus	Trichomonas
Streptococcus porcinus	Tannerella	Trichophyton
Streptococcus productus	Tannerella forsythensis	Trichosporon
Streptococcus pseudopneumoniae	Tannerella forsythia	Trichosporon asahii
Streptococcus pyogenes	Tatlockia	Trichosporon beigelii
Streptococcus pyogenes animalis	Tatlockia macaechernii	Trichosporon capitatum
Streptococcus saccharolyticus	Tatlockia micdadei	Trichosporon capitum
Streptococcus shiloi	Tatumella	Trichosporon cutaneum
Streptococcus sinensis	Tatumella ptyseos	Trichosporon giganteum
Streptococcus suis	Tetragenococcus	Trichosporon inkin
Streptococcus uberis	Tetragenococcus halophilus	Trichosporon loubieri
Streptococcus zooepidemicus	Tetragenococcus solitarius	Trichosporon mucoides
Streptococcus, group A	Theileria tsutsugamushi	Trichosporon mycotoxinivorans
Streptococcus, group C	Thermoactinomyces	Trichosporon ovoides
Streptococcus, group D	Tick-borne encephalitis virus	Trichosporon pullulans
Streptococcus, group E	Timothy grass bacillus	Trichostrongylus
Streptococcus, group G	Tissierella	Trichothecium
Streptococcus, group L	Tissierella praeacuta	Trichuris
Streptomyces	T-mycoplasma	Tropheryma
Streptomyces albus	Togavirus	Tropheryma whipplei
Streptomyces bikiniensis	Torulopsis	Trypanosoma
Streptomyces candidus	Torulopsis aggregata	Trypanosoma brucei
Streptomyces caviscabies	Torulopsis candida	Trypanosoma brucei rhodesiense
Streptomyces clavuligerus	Torulopsis famata	Trypanosoma cruzi
Streptomyces erumpens	Torulopsis glabrata	Trypanosoma escomelis
Streptomyces filamentosus	Torulopsis haemulonii	Trypanosoma rangeli
Streptomyces griseus	Torulopsis inconspicua	Trypanosoma triatomae
Streptomyces lincolnensis	Torulopsis pintolopesii	Turicibacter
Streptomyces roseosporus	Toxocara	Turicibacter sanguinis
Streptomyces setonii	Toxoplasma	Typhoid bacillus
Streptomyces somaliensis	Toxoplasma gondii	Ulocladium
Streptomyces spectabilis	Trabulsiella	Ureaplasma
Streptomyces thermovulgaris	Trabulsiella guamensis	Ureaplasma parvum
Streptomyces venezuelae	Treponema	Ureaplasma urealyticum
Streptothrix dassonvillei	Treponema carateum	Ustilago
Strongyloides	Treponema jonesii	Vaccinia virus
Succinivibrio	Treponema pallidum	Vagococcus
Succinivibrio dextrinosolvens	Treponema pallidum endemicum	Vagococcus fluvialis

Recognized Pathogens

Vancomycin resistant Enterococcus	Virus	Yersinia pseudotuberculosis pseudotuberculosis
Vancomycin resistant Enterococcus faecalis	Vole bacillus	Yersinia rohdei
Vancomycin resistant Enterococcus faecium	Wangiella	Yersinia ruckeri
Varicellavirus	Wangiella dermatitidis	Yokenella
Varicella-zoster virus	Wart virus	Yokenella regensburgei
Varicellovirus	Wautersia	Zika virus
Variola virus	Wautersia gilardii	Zymobacterium oroticum
Veillonella	Wautersia respiciaci	Mycobacterium murale
Veillonella alcalescens	Weeksella	
Veillonella alcalescens criceti	Weeksella virosa	
Veillonella alcalescens rattii	Weeksella zoohelcum	
Veillonella atypica	Weissella	
Veillonella caviae	Weissella confusa	
Veillonella criceti	Welchia perfringens	
Veillonella dispar	West Nile virus	
Veillonella montpellierensis	Western equine encephalitis virus	
Veillonella parvula	Western equine encephalomyelitis virus	
Veillonella ratti	Whitmore's bacillus	
Veillonella rodentium	Wolinella	
Venezuelan equine encephalitis virus	Wolinella curva	
Venezuelan equine encephalomyelitis virus	Wolinella recta	
Verticillium	Wolinella succinogenes	
Vibrio	Xanthomonas	
Vibrio albensis	Xanthomonas maltophilia	
Vibrio alginolyticus	Xenorhabdus	
Vibrio carchariae	Xenorhabdus luminescens	
Vibrio cholerae	Xenorhabdus nematophila	
Vibrio cholerae biovar proteus	Xenotropic murine leukemia virus-related virus	
Vibrio cholerae serogroup O1	Yeast	
Vibrio cholerae, non-O1	Yellow fever virus	
Vibrio cholerae, O1	Yersinia	
Vibrio cincinnatiensis	Yersinia aldovae	
Vibrio comma	Yersinia aleksiciae	
Vibrio damsela	Yersinia bercovieri	
Vibrio fetus	Yersinia enterocolitica	
Vibrio fluvialis	Yersinia enterocolitica biogroup 3a	
Vibrio furnissii	Yersinia enterocolitica biogroup 3b	
Vibrio harveyi	Yersinia frederiksenii	
Vibrio metschnikovii	Yersinia intermedia	
Vibrio mimicus	Yersinia kristensenii	
Vibrio parahaemolyticus	Yersinia mollareti	
Vibrio sputorum	Yersinia mollaretii	
Vibrio succinogenes	Yersinia pestis	
Vibrio trachuri	Yersinia pseudotuberculosis	
Vibrio vulnificus	Yersinia pseudotuberculosis pestis
